

## ATTACKS U. S. SUPREME COURT

### MALLEY'S KIDS BRING BACON TO TONOPAH

The Tonopah fans who stayed home yesterday have just cause for kicking themselves, for they missed one of the best games ever played on the desert. It was a pitcher's battle from the jump and Ed Prout again proved himself to be some tosser when he nosed out ahead of southern Nevada's star south-paw Joe Sletz.

The six hundred fans were brought to their feet repeatedly by such plays as a triple play by Goldfield in third and also a double in the fifth inning.

With Goldfield leading 2 to 1 in the ninth, Morris got his second hit off Sletz. Tom Willett then opened with the big stick and clouted the ball to the sagebrush and malpais for four sacks, putting Tonopah to the good 3 to 2.

Goldfield did everything to come back in the ninth, but was not there with the goods. She displayed her true sporting spirit by taking a man out of the grandstand and putting him in to bat in place of one of the regular players.

Tonopah will have to hand it to Goldfield when it comes to furnishing a crowd, as there were four or five times as many at the game yesterday as at the game on the local grounds the week before.

There will be a return game here next Sunday, the 4th, and it is time Tonopah was showing her interest by giving Manager Malley her support by the largest crowd ever seen on the local ground.

Following is the score by innings:

	Total
Tonopah	3
Goldfield	2
Two-base hits, C. Sletz; 3-base hits, McDonald; home run, Willett; struck out, by Prout, 11; by J. Sletz, 7; triple play, J. Sletz to Mauser to Mullin; double play, Mauser unassisted. Hits off J. Sletz, 7; off Prout, 4; hit by pitcher, Prout 1; by J. Sletz, 1. Batteries—Tonopah, Prout, Willett; Goldfield—J. Sletz, Rosenthal.	

### Roosevelt Says Recent Decisions of That Tribunal Are Contrary to Spirit of Democratic Principles.

#### TWO MEN HOLD UP RAILROAD OFFICE

LOVELOCK, Nev., Aug. 30.—Two masked men held up and robbed the Southern Pacific station at this place yesterday morning, looting the safe of about \$75 and the ticket drawer of a number of pasteborders.

Several suspects have been arrested by the authorities, but Operator Stepnosk, who was held up, cannot identify the men owing to the fact that his assailants wore black dominoes.

Stepnosk was sitting at his key the depot about 4 o'clock in the morning when he heard the creak of the office door and the stealthy tread of feet. He turned to look down the barrel of a heavy calibre revolver.

While one of the intruders covered the operator with the weapon the other rifled the till and took everything of value that was in sight. The men took a few tickets good for long distances, besides all the money in the safe.

The operator was then marched out of his office and down the railroad track for nearly a mile. There his captors released him, covering him with their weapons until they lost themselves in the brush. Stepnosk believes the men had horses tethered near the spot.

### If They Indicate Permanent Attitude of Court, Then American System of Popular Government Will Be Upset.

By Associated Press.  
DENVER, Colo., Aug. 30.—The acts of the supreme court of the United States were sharply criticized by Roosevelt today in an address in the state capitol here before the Colorado legislature.

The ex-president cited two decisions by the supreme court which he declared were contrary to Democratic principles, and said if those decisions indicated the permanent attitude of the court, the entire American system of popular government will be upset.

The colonel's speech before the legislature was one of five which he delivered in Denver today. Everywhere he went he was greeted by cheering multitudes who blocked the streets, interfered with traffic and packed to suffocation the various buildings in which he spoke.

In addition to the speech in the Auditorium, under the auspices of the Colorado Live Stock association and a speech before the legislature, he addressed the Spanish War veterans, who are holding a national encampment here.

At a banquet this evening he talked to the Denver Press club, and during the day to the Colorado sheriffs at a "chuck wagon" luncheon at Overland park.

In addition to his remarks concerning the supreme court, before the legislators, the colonel denounced dishonest legislators and demagogues and scored men of wealth who gain riches at the expense of the people. He attacked untruthful newspapers, magazines, and praised the periodicals and newspapers which so boldly stated the truth in order to purify.

Roosevelt was presented to the legislators by President Fitzgerald of the state senate as "a typical westerner." Reminding his auditors that he had been a member of the legislature twenty-five years ago, the colonel assured them he knew of the work to be done and of the temptation to which they were exposed.

Pandemonium was let loose when Roosevelt arrived this morning which brought him from Cheyenne. As soon as he left the train, he passed through the streets of Denver in a parade headed by a military display from Fort Logan.

Roosevelt and his party will leave in the morning for Pueblo, where the colonel will lay the cornerstone for the Young Men's Christian Association building. From there he starts to Ossawatimie, Kansas, where he is due on Wednesday, and where he is to make what probably will be the most important speech of his tour.

### COTTON UP TO TWENTY CENTS

By Associated Press.  
NEW YORK, Aug. 29.—August cotton sold today at 20 cents a pound in the New York cotton market, on the strength of demands for speculative shorts who had postponed covering until the last moment in the hope that in increasing the new crop movement in the Southwest it might break the control of the bull leaders.

Today's price is the highest reached for cotton for any delivery since the civil war, excepting by nearly two and a half cents a pound the highest in the famous bull year of 1903-4. It is regarded by many as the culmination of the bull movement in progress here for the last six months.

### DEMOCRATIC CANDIDATES HAVE BIG LOVE FEAST

The candidates on the Democratic legislative, county and precinct ticket had a love feast at Elks hall last night at which a large gathering was present, and from them quite a sum of money was raised to carry on the expenses of the county central committee. A simplicity banquet was one of the features of the affair, and between courses each candidate was called upon for a few

gems of wisdom. Impromptu speeches were also made by R. L. Hubbard, candidate for congress, and Cleve Baker and George Thatcher, rival candidates for the nomination for attorney general.

Quite a number of Republicans were present at the session, but they appeared perfectly at home with their Democratic brethren.

TWAS THE McQUILLAN.  
NOT THE GOLDEN CASE  
A misunderstanding over the telephone Saturday night was responsible for an error which crept into the Bonanza Sunday morning. In that the paper stated the demurrers of the state in the Golden case had been sustained. It should have read the McQuillan case.

In this case, at the time the indictments were found, McQuillan's attorneys interposed demurrers on the ground that because McQuillan did not receive the moneys at the time the Nye and Ormsby County bank closed its doors, he could not be held as an accessory to the embezzlement with which Golden is charged. Judge Averill held differently and knocked out the demurrers of McQuillan's lawyers and sustaining that of District Attorney Baker. This point has never been brought up in this state before and will now probably go to the supreme court for final decision.

REDDING, Cal., Aug. 29.—W. F. Englebright, congressman from the first California district, declared before the Shasta County Republican convention today that he would not vote for Joseph G. Cannon again for the position of speaker of the house of representatives. His declaration was received with enthusiasm.

J. S. Rawlins, representing the Pacific Hardware and Steel company of San Francisco, is in Tonopah.

### DECLARES WON'T VOTE FOR CANNON

STOCK ASSOCIATIONS TONIGHT.  
The colonel said: "When I was made police commissioner of New York I was ushered into office with great acclaim. I said I was going to try to enforce the laws. They smiled and said, 'Go ahead.' After ninety days New York woke up to the fact that it was being treated on a basis of morality it never hoped to attain. New York was a ferment until the judges came to the rescue of the people. They decided that seventeen beers and one pretzel made a meal. New York breathed freely again. Ever since then New York has felt an alert interest in me and an ardent desire to see me elected to any office that would take me away from there."

Pinchot, who preceded Colonel Roosevelt on the platform, after treating of the relations between the forest service and the cattlemen, startled his audience by reference to the insurgent movement. "It is a great movement that is sweeping the country," he said. "Call it insurgency, or what you will, its idea is that it is better worth while to help the small man to make a living than

### DENVER SPEER OF DENVER SAYS PEOPLE OF WEST WILL NOT BE SILENT TILL TEDDY'S AT HELM OF NATION.

By Associated Press.  
DENVER, Colo., Aug. 29.—An unqualified endorsement of Roosevelt was given today by Governor Shafroth and Mayor Speer, both of whom are Democrats. The endorsement was given in the presence of thousands of persons assembled in the Auditorium to hear the former president's speech on "conservation."

"The great majority of the Republicans throughout the West and many Democrats will not be silent until they see you at the helm of this great nation," declared Mayor Speer, addressing Roosevelt. "You are loved because you are not controlled; you are independent and your honesty of purpose appeals to the heart; your courage has made your opponents wonder what you will do next. You have work to do and wrongs to right. May your life be spared to accomplish the great work which the American people believe you are destined to perform."

DENVER, Colo., Aug. 29.—In a few brief sentences Roosevelt outlined his opinion of the attitude of New York city toward himself when he spoke at the banquet given him by the city.

NEW YORK, Aug. 29.—Mayor Gaynor was taken from St. Mary's hospital in Hoboken this morning to "Deep Wells," his country place at James, L. I. He bore the trip well, but his insistent plea to be allowed to walk unaided resulted in two distressing accidents.

Once he sank to his knees as he tried to enter the automobile, and in ascending the steps of his home he fell on all fours from over exertion.

Despite his weakness, however, he maintained his cheerful mood and once at "Deep Wells" he spent the afternoon on the veranda.

The mayor left the hospital at 9:30 a. m. He had been there since Tuesday, August the 9th, the day on which he was shot by James J. Gallagher, a discharged city employe, on the deck of the steamship Kaiser Wilhelm.

Drawn up in the court yard of the hospital to give him a final salute were fifty orphan children, cared for by that institution. Mayor Gaynor insisted on stopping to speak to each one and several he patted on the head. He walked unaided from his room on the fourth floor to the elevator and from the ground floor to the automobile in which he was driven to a New York police patrol boat waiting for him at the pier in Hoboken.

In entering the automobile, however, he overestimated his strength and had difficulty in climbing on the runner board.

His step was feeble and his knees bent under him at every step. At the dock where the police boat was in waiting he walked across the gang plank and aboard the vessel without help, saluting the crew that was drawn up to receive him.

R. J. King leaves this morning on a business trip to San Francisco.

### MAYOR GAYNOR LEAVES HOSPITAL FOR HIS HOME

#### GETTING BUSY IN THE NORTH

RENO, Aug. 29.—With the fire of insurgency in his eye, with knockout arguments in his head and with a firm military tread that bodes much evil to the stand-patters, Senator H. V. Morehouse came to Reno from Goldfield last night and will deliver an address in Reno before he returns to the south.

He met George Springmeyer, insurgent candidate for attorney general, and the two held an informal reception to a number of insurgents who casually met them at the Overland.

Plans were made for a big public meeting at which the principles of the Lincoln-Roosevelt league will be expounded and there will be a great gathering of Republicans and Democrats at the meeting.

Senator Morehouse stated that the league was formed on Thursday last in Goldfield and already possessed a membership of over 200. Before the campaign is over he confidently expects the league to be one of the most powerful factors in politics.

#### OFFICER KILLS SUSPECT.

ALBUQUERQUE, N. M., Aug. 29.—Mounted Policeman Beal this morning at Mogollon shot and killed Charles Clark, a saloon keeper, when the latter resisted arrest. Clark was wanted in connection with the recent robbery of the Silver City-Mogollon stage, in which the driver was killed by the bandits. When the officer entered his place this morning Clark attempted to draw a revolver, but the officer was too quick for him.

#### BABY GIRL ARRIVES.

On Monday night, August 29, to the wife of Robert Hecimovich, a baby girl, weighing seven pounds.

### Endeavor to Smuggle Over a Hundred Thousand Dollars' Worth of Jewels Through Custom House.

By Associated Press.

Reynolds Adrians of Poughkeepsie must explain where she bought her other jewelry, valued at more than one hundred thousand dollars, before she is out of the customs net here. According to the statement made by Collector Loeb's office, jewels with a total value of \$115,000 were found

in the woman's possession, while from her daughter Maryn, a three-thousand-dollar pearl necklace was confiscated and a third necklace was taken from Mrs. Mary Doughty, a traveling companion. This additional jewelry does not figure in the smuggling charge against Mrs. Adrians, who gave \$7,500 bail after waiving examination, but the parties are being held pending an investigation, and the production of the bills of sale covering each piece.
